OBJECTIVE

I am an Economics educated, data-driven individual with a passion for data and machine learning modeling to inform business decisions. I am always open to stepping outside my comfort zone and am deeply intrinsically motivated to learn.

EXPERIENCE

MAY 2019 – SEPTEMBER 2021
KITCHEN MANAGER, GUD EATS INC

Organized and scheduled staff and ran day-to-day kitchen and food preparation. Oversaw ordering all supplies and food for the restaurant.

EDUCATION

MAY 2023
BACHELOR OF ARTS, ECONOMICS, UNIVERSITY OF SASKATCHEWAN

Minor completed in Computer Science. Highlight classes include Intro to Artificial Intelligence, Economic Forecasting, Econometrics, and Financial Economics.

SKILLS

- Multiple statistical programming languages, such as Python, R, and Julia.
- Dashboard creation experience with Tableau
- Data cleaning and exploration experience with SQL and Python
- Statistical modeling experience and introductory machine learning modeling experience
